

## CHCSS00088 – SKILL SET

# Induction

### Description

This skill set reflects the skill requirements for people entering the health and community services sector. It provides a set of skills to support the induction of new workers into a variety of roles. Work is supervised and may involve working directly or indirectly with clients.

These competencies from the CHC Community Services Training Package and HLT Health Training Package meet industry requirements for induction into health and community services work.

Students will be required to source and complete their work placement as part of this course.

### Pathways Information

These units provide credit towards a range of qualifications in the CHC Community Services Training Package and the HLT Health Training Package.

### Target Group

This skill set is for workers entering or working in community services or health sector roles.

For more information on this skill set, visit: [training.gov.au/Training/Details/CHCSS00088](https://training.gov.au/Training/Details/CHCSS00088)
